

Professional Contractor **PROCON**

» Coming soon to UAA, a new product designed specifically for your mobile plant & machinery clients

ProCon will provide the added protection needed in an ever changing business landscape with increased litigation, a stronger focus on business responsibility and accountability and regular changes in legislation.

ProCon will provide Five Cover Options in one Comprehensive Professional Liability Package.

1. **Broadform Liability** – protects your clients legal liability to pay compensation for Personal Injury and Property Damage arising from their business activities
2. **Professional Civil Liability** – will meet your clients contractual obligations to have Professional Indemnity insurance
3. **Directors' and Officers' Liability** – provides personal protection to your clients' directors and officers where they are held personally liable whilst carrying out their duties as a company director or officer
4. **Statutory Liability** – provides protection for penalties arising from a breach of Government legislation
5. **Employment Practices Liability** – provides protection for claims arising from employment related activities

» Procon combines **5 Professional Liability Cover Options** into **one package** providing general liability and financial loss coverage, including:

1. Broadform Liability
2. Professional Civil Liability
3. Directors' and Officers' Liability
4. Statutory Liability
5. Employment Practices Liability
